Colinas do Douro Superior WHITE 2015

Production
50.000 bottles

Bottled in
2016

ANALYSIS
Alcohol content_13,2%
pH_ 3,17
Volatile acidity_0,30 g/L
Acetic acid,
total acidity_5,90 g/L
Tartaric acid,
total sugars_1,1 g/L

Vintage report
Year of abundant birth of new shoots, with dry weather during the flowering period, resulting in relatively high productivity. The entire period of growth, until harvest, was extremely dry, which affected the photosynthesis in the vines, including interruptions of maturation. This resulted in small bunches, giving concentrated and aromatic whites, and structured, densely coloured reds.

Tasting notes
A clear and bright coloured wine, with subtle aromas of orange blossom and melon. In the mouth it is concentrated and mineral, with a refreshing acidity that balances the notes of ripe citrus fruits.

Vinification and aging
Fermented at low temperatures, and aged during three months over the fine lees, without battonage.

Serving suggestions
Best served at a temperature between 9 and 12°C.

Area white vineyards
15 hectares, at an altitude of 650 meters

Soil
Transitional zone between Granit and Schist

Grape varieties
Viosinho and Rabigato
